EDUCATION

Malla Reddy College of Engineering | *Bachelor of Technology* (Hyderabad | **07/2023-**

- Cumulative **GPA**: 7.57/10 **Present**)

Raghavendra Karimala Juniour College | *Intermediate(10+2)* (Mancherial | **2021-**

- **Percentage(%)** : 91.6 % **2023**)

Z.P.S.S. Indhanpally | *SSC(10th)* (Mancherial | **2020**)

- **GPA** : 10/10

SKILLS

- **Programming** : Python , C
- **Tools** : VS Code , Streamlit
- **Technologies** : Artificial Intelligence, IOT ,Speech -to-Text
- **Libraries** : Librosa , OpenAI API

PROJECTS

- **Automated Podcast Transcription and Topic Segmentation**
Jan 2026 – Present
 - Developed a system to convert podcast audio into text using speech-to-text models
 - Implemented topic segmentation to divide podcast into meaningful sections
 - Used Python libraries for audio processing and transcription
- **Embedded IoT System for Autonomous Resource Management**
 - Designed an IoT system for smart resource monitoring in industries
 - Implemented sensors for automated data collection and optimization
- **Predicting Accuracy of Cricket Players Using Machine Learning**
 - Built a ML model to predict cricket player performance using historical statistics.
 - Performed data preprocessing and feature analysis.
 - Implemented prediction models using Python and machine learning algorithms.

INTERNSHIPS

- **AI Intern – Infosys Springboard**

FEB 2026 – Present

- *Working on AI-based audio transcription system*
- *Performing audio analysis using Python*
- *Learning API integration and machine learning tools*

- **VLSI Design Intern Skill Intern Pvt. Ltd.**

OCT 2025 – Present

- *Assisting in digital circuit design and simulation.*
- *Working with VLSI design tools for circuit analysis.*
- *Supporting verification and testing of chip modules.*

CERTIFICATIONS

- *Introduction to Artificial Intelligence*
- *Getting Started with Artificial Intelligence*
- *Advance Data Analysis using Excel and PowerBI*
- *HTML & CSS Bootcamp*
- *Python Bootcamp*
- *Build RAG Chatbot with Python*
- *Javascript Bootcamp*
- *Time Management*
- *Baics of Python*
- *Introduction to Natural Language Processing*

STRENGTHS

- *Problem Solving*
- *Quick Learner*
- *Leadership*

LANGUAGES

- *English*
- *Telugu*
- *Hindi*
